

Hands-on Activity 1.5	
Audio Essentials	
Course Code: CPE 411	Program: Computer Engineering
Course Title: Interactive Extended Reality	Date Performed: 24/01/2026
Section: 22S2	Date Submitted: 24/01/2026
Name(s): Ross Andrew Bulaong	Instructor: Engr. Jimlord M. Quejado
1. Discussion	
In this activity, we explored the fundamentals of Unity's audio system, including Audio Source attributes and the implementation of Audio Reverb Zones. We also practiced importing high-quality assets from the Unity Asset Store to enhance the scene's soundscape.	
2. Materials and Equipment	
Unity Editor Unity Hub Unity Learn Website Unity Asset Store Computer with Internet Connection	
3. Procedure	
 The screenshot displays the Unity 6.3 LTS development environment. The central viewport shows a 3D rendered kitchen scene with a white island, blue walls, and a window. The top toolbar includes buttons for Play, Pause, and other scene controls. On the left, the Hierarchy panel lists the scene's components: Environment, Main Camera, Directional Light, and 02_Kitchen. The bottom Project panel shows a folder structure with 'Assets > _Unity Essentials > Scenes' expanded, displaying several scene assets. On the right, a Tutorial window titled 'Create an Immersive soundscape' is open, showing 'Steps 2 / 8' and providing numbered instructions for navigating the scene and using the Audio Listener component. The instructions include: 1. Opening the 3_Kitchen_Audio_Scene in the Project window. 2. Using Flythrough mode (WASD) or Frame, Orbit, Zoom to view the kitchen. 3. Entering Play mode to preview the scene and using WASD for movement and the mouse for camera control. 4. Exiting Play mode after navigation. 5. Selecting the Main Camera in the Hierarchy and locating its Audio Listener component.	
Entered the Kitchen scene then played it as instructed	

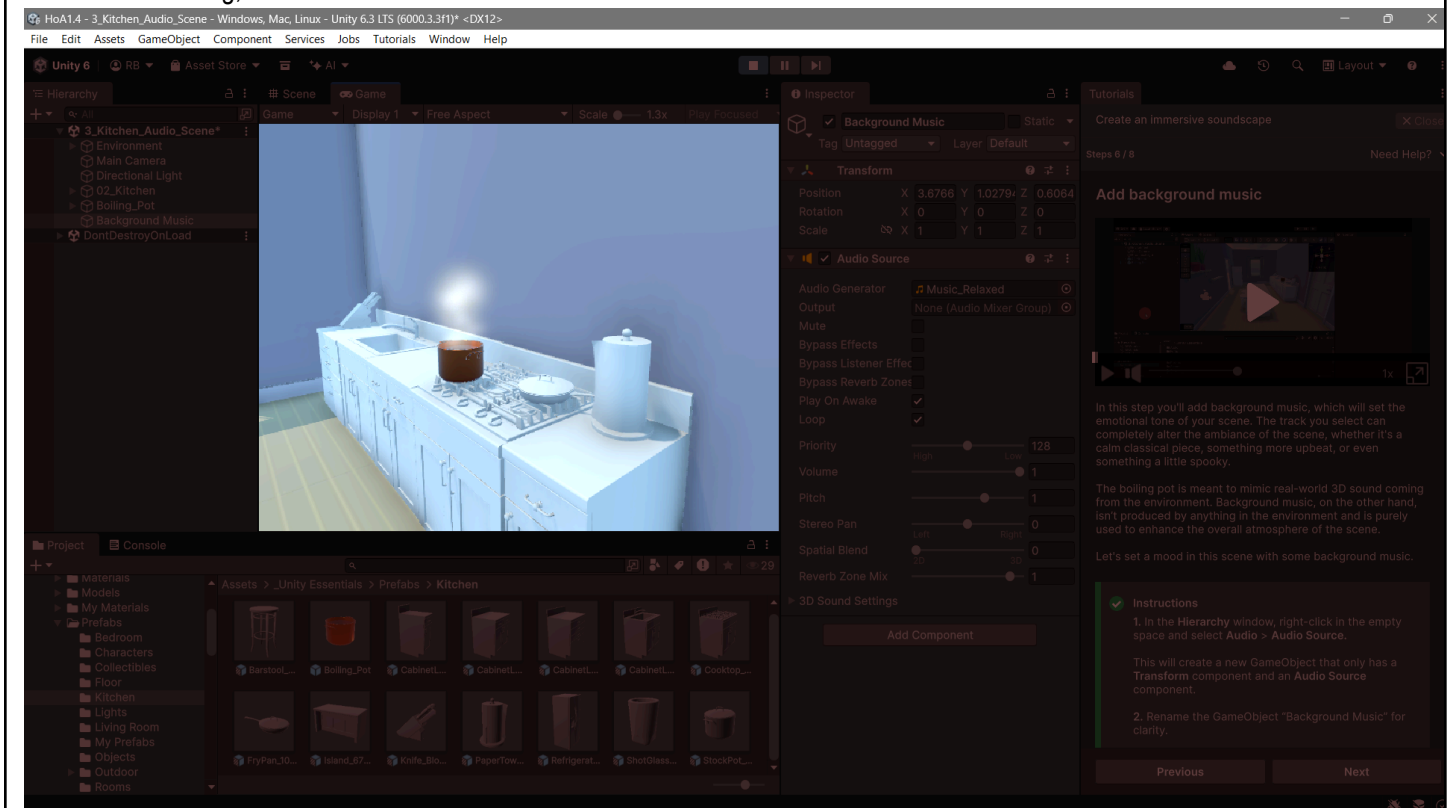

Added a boiling pot prefab to the scene

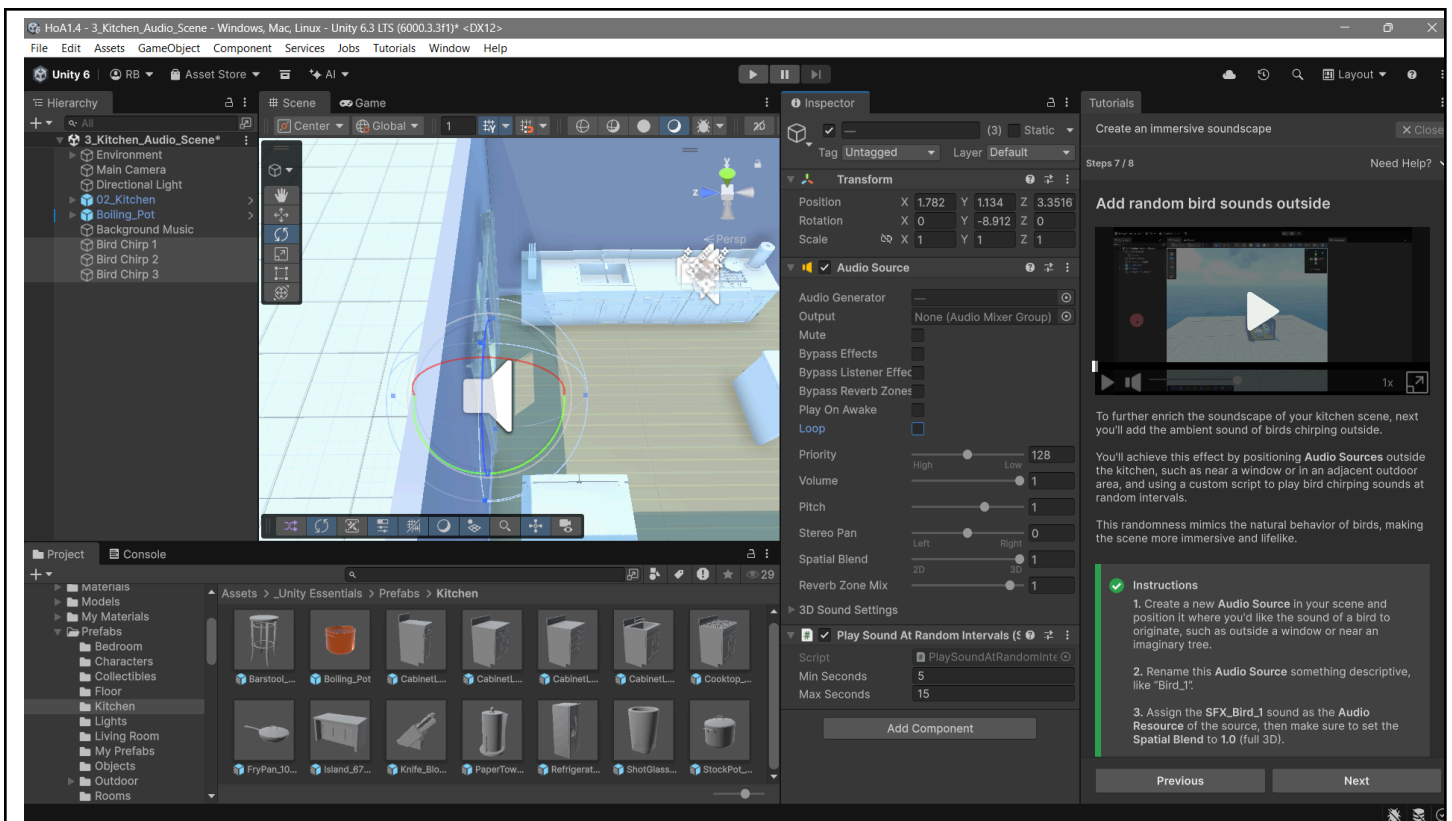

Added a water bubbling sound to the pot. It now sounds like a boiling pot in real life.

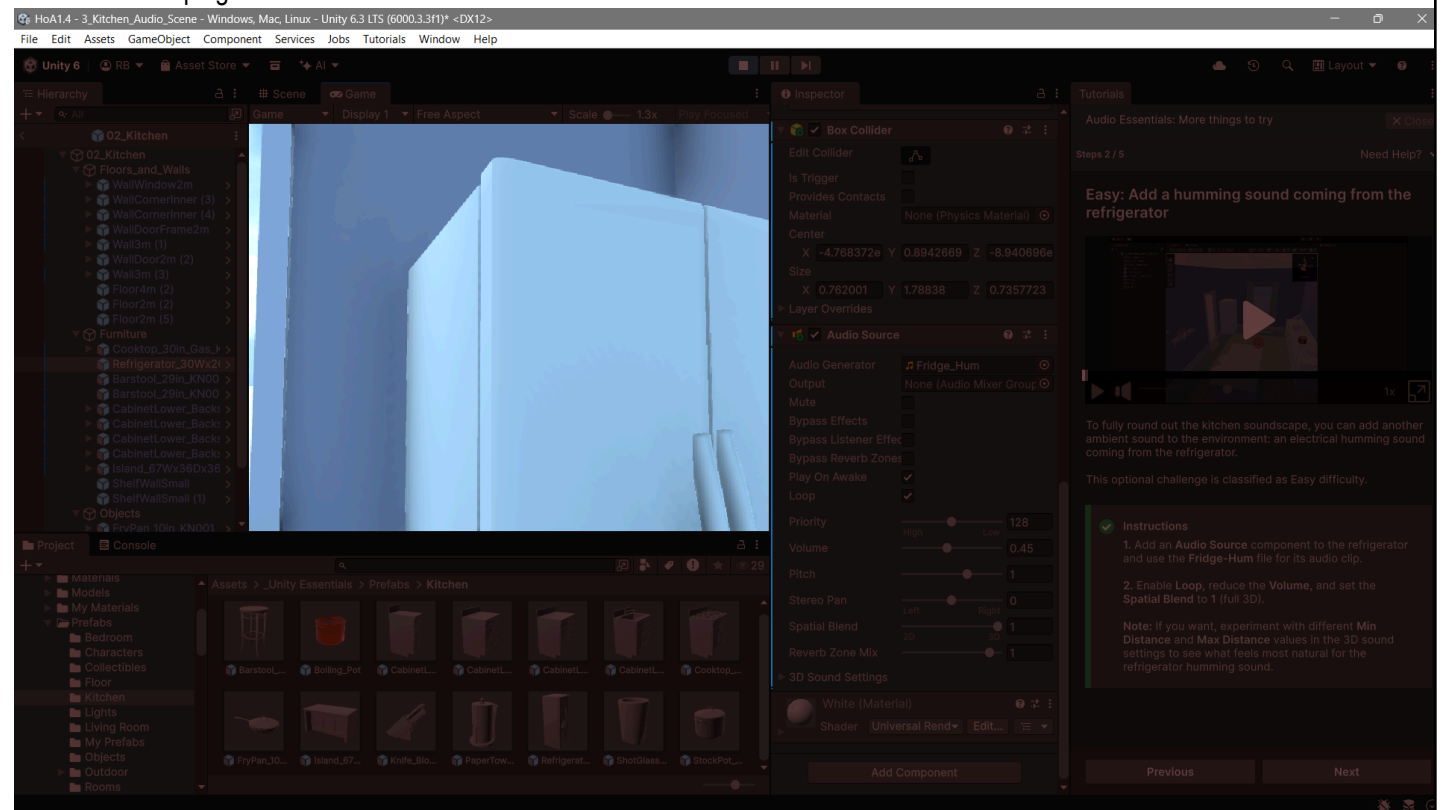

The spatial blend has a value of 1 (3D Audio) and it now sounds different depending on where I am, how far I am from the pot, what direction I am facing, etc.

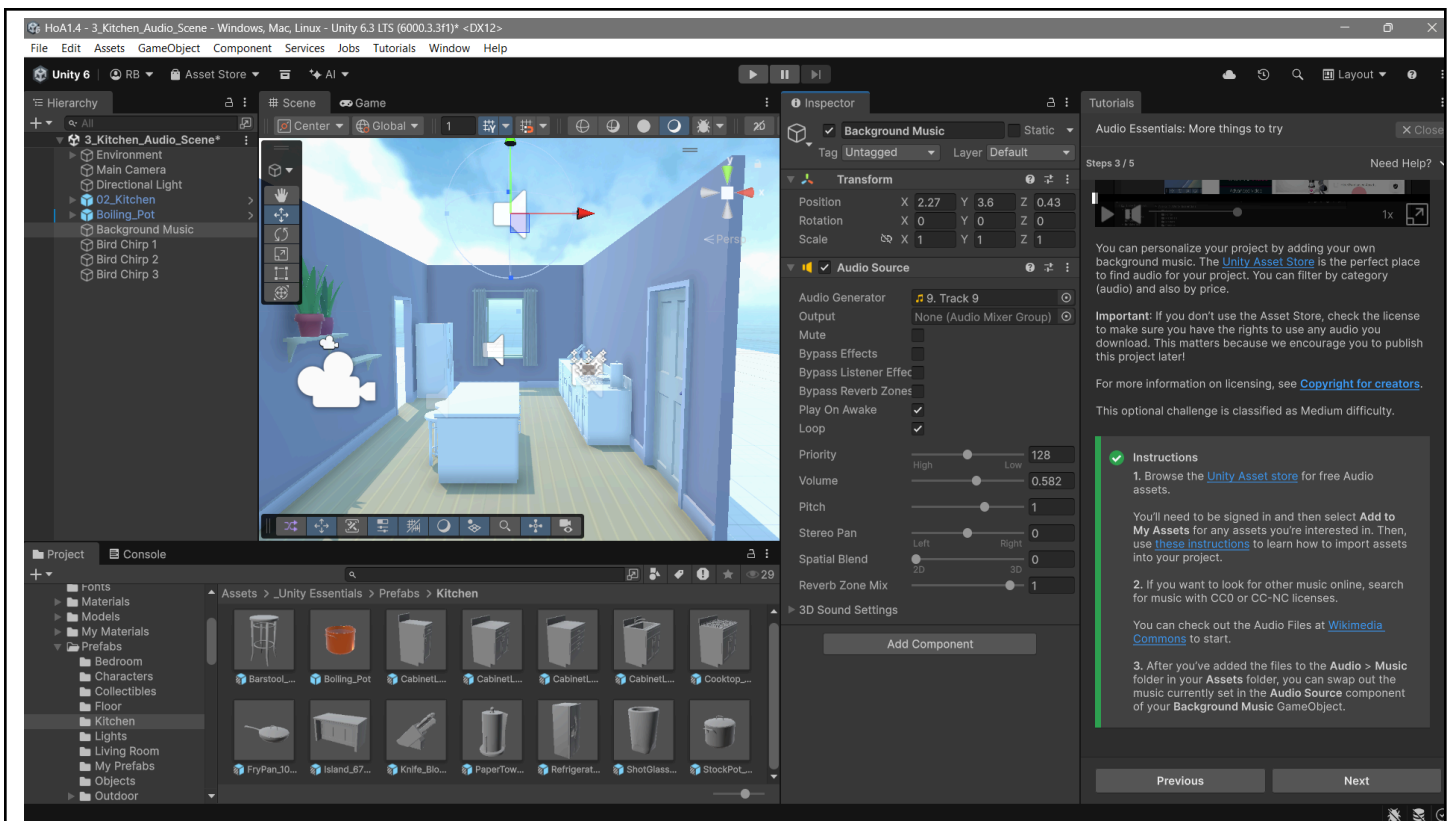

I now have background music (relaxed, kinda like stardew valley) that plays on loop

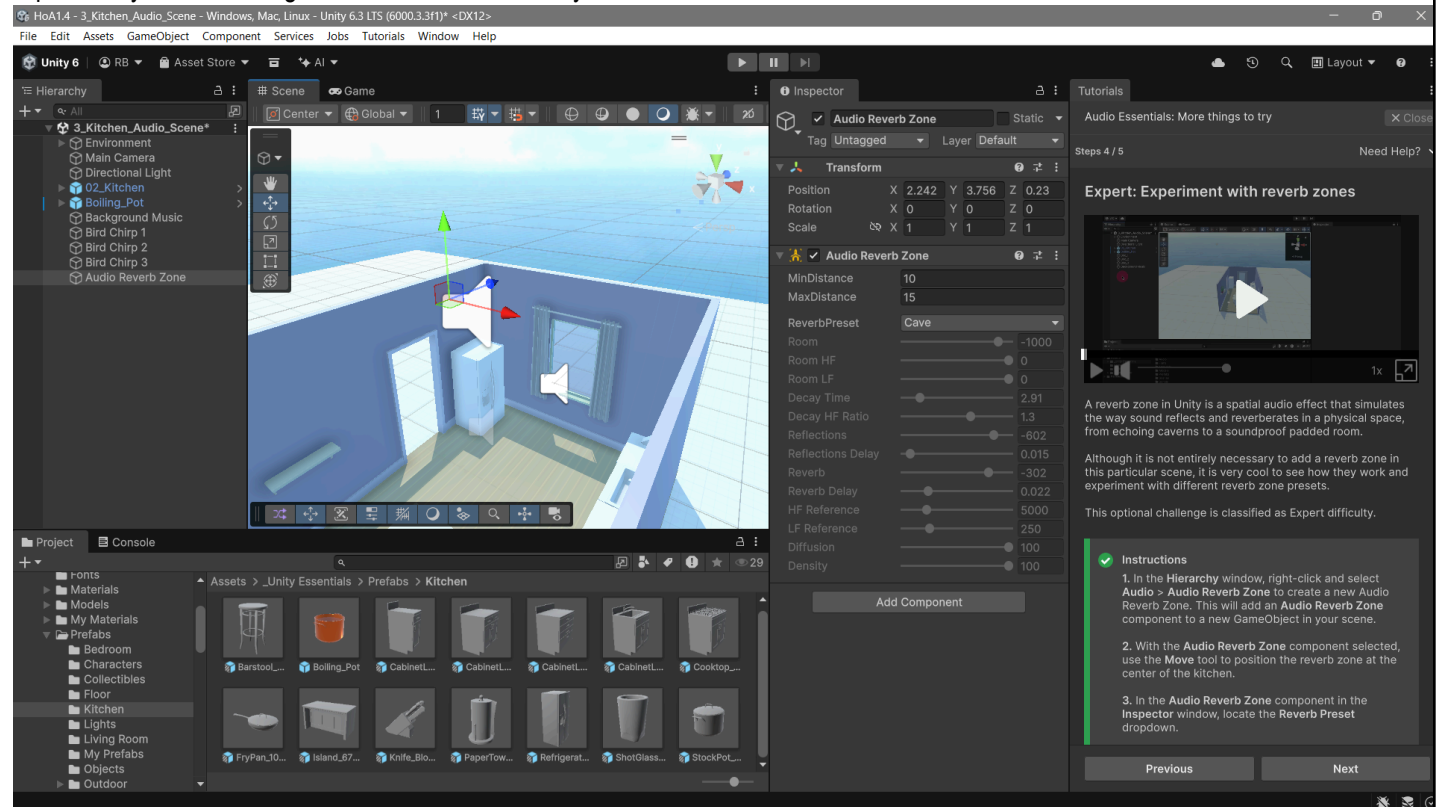

Added birds chirping at different intervals

Added a hum to the fridge, lowered its volume, made the audio 3D

Imported my chosen background music from the Unity Asset Store

Added an Audio Reverb Zone and set it to Cave, the audio now feels like its bouncing off the walls

4. Output

Your results

Congratulations! You passed. If you would like to score higher, you can [retake](#) the quiz. We always save your highest score.

Passed • You got 3 of 3 correct

+150 XP

You gained 150 XP points towards
Unity Essentials

5. Supplementary Activity

No supplementary activity given.

6. Assessment Rubric

Lab Activity Rubric

Criteria	Ratings						Pts
SO 7 PI 1 Student Outcome 7.1 Acquire and apply new knowledge from outside sources. threshold: 4.8 pts	6 pts Excellent Educational interests and pursuits exist and flourish outside classroom requirements, knowledge and/or experiences are pursued independently and applies knowledge learned into practice	5 pts Good Educational interests and pursuits exist and flourish outside classroom requirements, knowledge and/or experiences are pursued independently	4 pts Satisfactory Look beyond classroom requirements, showing interest in pursuing knowledge independently	3 pts Unsatisfactory Begins to look beyond classroom requirements, showing interest in pursuing knowledge independently	2 pts Poor Relies on classroom instruction only	1 pts Very Poor No initiative or interest in acquiring new knowledge	6 pts
SO 7 PI 2 Student Outcome 7.2 Learn independently threshold: 4.8 pts	6 pts Excellent Completes an assigned task independently and practices continuous improvement	5 pts Good Completes an assigned task without supervision or guidance	4 pts Satisfactory Requires minimal guidance to complete an assigned task	3 pts Unsatisfactory Requires detailed or step-by-step instructions to complete a task	2 pts Poor Shows little interest to complete a task independently	1 pts Very Poor No interest to complete a task independently	6 pts
SO 7 PI 3 Student Outcome 7.3 Critical thinking in the broadest context of technological change threshold: 4.8 pts	6 pts Excellent Synthesizes and integrates information from a variety of sources; formulates a clear and precise perspective; draws appropriate conclusions	5 pts Good Evaluate information from a variety of sources; formulates a clear and precise perspective.	4 pts Satisfactory Analyze information from a variety of sources; formulates a clear and precise perspective.	3 pts Unsatisfactory Apply the gathered information to formulate the problem	2 pts Poor Gather and summarized the information from a variety of sources but failed to formulate the problem	1 pts Very Poor Gather information from a variety of sources	6 pts
SO 7 PI 4 Student Outcome 7.4 Creativity and adaptability to new and emerging technologies threshold: 4.8 pts	6 pts Excellent Ideas are combined in original and creative ways in line with the new and emerging technology trends to solve a problem or address an issue.	5 pts Good Ideas are creative and adapt the new knowledge to solve a problem or address an issue	4 pts Satisfactory Ideas are creative in solving a problem, or address an issue	3 pts Unsatisfactory Shows some creative ways to solve the problem	2 pts Poor Shows initiative and attempt to develop creative ideas to solve the problem	1 pts Very Poor Ideas are copied or restated from the sources consulted	6 pts

Total Points: 24
